# Academic Summer in London

Join us for a stimulating and demanding academic summer experience at DLD College in the heart of London. Spend your morning sessions overlooking Westminster and the Thames, then fill your afternoons discovering all that the capital has to offer.

DLD is a newly constructed, cutting-edge school featuring state-of-the-art classrooms, a theatre, a dining hall, a coffee shop, round-the-clock security, and an opulent boarding home.

All of your needs are met under one roof. Single ensuite bedrooms are provided, as well as twin rooms upon request.

## Adventurers – 7 to 12 (day only)

Our Adventurers in London will find a welcoming environment full of learning and fun from 8:15/30 to 17:00/15 Monday through Friday. Your child can enjoy an exciting trip or activity after a morning of learning.

## Explorers – 12 to 14 years old

We give you a taste of what awaits you in the UK system in years 9 and 10. You will learn English, math, science, social studies, and art.

## Engagers – 15 to 17 years old

This program provides four study blocks per week and is designed for students in years 11 and 12 in the UK school system. You can select your subjects, and we will create an individual timetable based on your selections. We provide the following courses:

-  Applied mathematics
-  Art
-  Biology
-  Chemistry
-  Drama & music

-  Economics, business & entrepreneurship
-  English
-  Environmental systems & societies
-  Essay writing
-  History & politics

-  Literature
-  Media studies
-  Physics
-  Presentations & interviews
-  Psychology
-  Theory of knowledge (ToK)

# Get Ready for Medicine – age 15+

A two-week intensive course designed specifically for students interested in studying medicine. Our interactive and innovative program is led by medical students studying in the United Kingdom.

The course includes:

- A First Aid course that leads to a certificate
- Visits to medical facilities such as hospitals, general practitioners, and medical research facilities
- Workshops on teamwork, leadership, communication, and problem-solving; clinical scenarios and medical ethics
- Clinical consultation with a doctor
- Practicals in biology and chemistry, including a heart dissection
- Practice for personal statements and interviews / UKCAT and BMAT

## CLIL (Content and Language Integrated Learning)

CLIL (Content and Language Integrated Learning) is the foundation of our teaching methodology. You study academic subject content while also improving your English language skills. You will broaden your academic knowledge, improve your essay writing skills, and sharpen your higher-order thinking abilities (critical, logical, reflective, metacognitive and creative thinking).

## Sample week

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
8.30	Arrivals			Morning assembly				
9.00				Lessons				
12.30				Lunch				
13.30	Greenwich			Lesson			Explore Oxford	Hampton Court

22.00				Back to boarding				

*"Everyone is so nice. People will just come to you and say hi. You become extrovert naturally on this camp. I do not like talking in class, but here I love it a lot. This camp will change you completely. Be a leader certificate – it helped me so much with the application to my school, as it is internationally know certificated. There is so much happening..."*

Amelia (15), Belgium

# Leisure Programme – London (age 7–12)

Monday through Friday, 8.30 a.m. to 17.00 p.m., young learners will find Academic Summer in London a welcoming environment full of discovery, culture, education, and fun. After a morning of lessons, your child can join our camp counsellors on an exciting trip, activity, or adventure, allowing you to work or simply enjoy a child-free day in London.

**Academic  
Summer**  
UK

# Curriculum for Get Ready for Medicine

## What is Get Ready for Medicine?

Get Ready for Medicine is an immersive, two-week course for students who are interested in studying medicine and is available in London, UK. Students study for 40 hours a week and enjoy stimulating trips and activities linked to their studies.

### This course is for you if you are:

- aged 15+
- focussed on studying medicine and want to get a head start
- wanting help to apply to medical school
- interested in pursuing a career in medicine and want to see if it is right for you
- academically focussed and motivated
- interested to study in a multicultural environment with peers from a range of cultures
- wanting to strengthen your English language skills
- interested in further study in the UK
- looking for a stimulating and enjoyable summer experience

## Methodology: Content & Language Integrated Learning (CLIL)

### You will:

- enhance your **content** knowledge in the area of science and medicine in general
- understand **culture** and your role as a global citizen, your beliefs and values so you can develop a reflective knowledge base. You will understand how culture and ethics affect the area of medicine
- develop your **cognition** and higher order thinking skills (critical, logical, reflective, metacognitive and creative thinking) to prepare for your future studies in medicine
- work on your **communication** skills in the English language. You need good language skills to help you with your application to medical school, your studies and good communication is crucial in the field of medicine.

## Assessment

You receive regular, detailed assessment to help you develop quickly during the course. We give you feedback on your personal and professional skills, your written work and practical application. You are assessed on academic performance and attitude towards learning in lessons and this assessment is documented in your weekly report. You are given an A-D grade with A representing excellent effort and consistent positive attitude to learning and D representing unsatisfactory effort and achievement. We celebrate the individuality of our students and their achievement is benchmarked against their own ability and goals.

# Get Ready for Medicine course content

Get Ready for Medicine is a stimulating and rigorous course. Students will enjoy practical and theory learning, working in classes of a maximum of 15 students on topics such as:

- Titrations
- Clinical skills
- Communication workshops
- Human biology
- Anatomy, physiology and pathology of organ systems
- First aid (this course leads to a qualification)
- Independent research project
- Choosing a field of study within medicine
- Lab work
- Taking blood
- Neurology
- Renal system study
- Endocrinology
- Disease control and contamination
- Day with a doctor
- Clinical trial workshop
- Heart dissection
- DNA testing
- Blood pressure study
- Exercise and health
- Interview skills workshop
- Choosing the right medical school
- Perfecting your medical school application
- Careers in medicine

## Example timetable

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday		
8.30	Arrivals	Assembly						Oxford – explore the university city	Windsor & Windsor castle

# Academic Summer in Bristol

Bristol is our beautiful, rural campus in the south-west of England, nestled in the Mendip Hills and close to the city of Bristol. Sidcot School is a traditional boarding school with a large, beautiful campus that includes a swimming pool, sports hall, tennis courts, sports fields, arts centre, dining hall, and coffee shop.

Sidcot is only 45 minutes from Bristol city centre and two hours from London, making it the ideal location for exploring the UK's major attractions while relaxing in the tranquil countryside.

## Adventurers – 7 to 12 years old

Our young adventurers participate in primary school-style lessons that include English, math, science, social studies, and the arts. Lessons, field trips, and activities are all centred on a weekly theme, which helps to bring everything to life. Adventurers are regularly joined by Shipmates, a holiday club for local children based at Sidcot School. We participate in many activities together, providing our young learners with a unique opportunity to communicate and socialize with native speakers.

## Explorers – 12 to 14 years old

We give you a taste of what awaits you in the UK system in years 9 and 10. You will learn English, math, science, social studies, and art.

## Engagers – 15 to 17 years old

This program provides four study blocks per week and is designed for students in years 11 and 12 in the UK school system. You can choose from the following subjects in Bristol:

 Applied mathematics

 Art

 Biology

 Computer science

 Chemistry

 Design & technology

 Drama & music

 Economics, business & entrepreneurship

 English

 Environmental systems & societies

 Essay writing

 History & politics

 Media studies

 Physics

 Presentations & interviews

 Psychology

 Theory of Knowledge (ToK)

# CLIL (Content and Language Integrated Learning)

CLIL (Content and Language Integrated Learning) is the foundation of our teaching methodology. You study academic subject content while also improving your English language skills. You will broaden your academic knowledge, improve your essay writing skills, and sharpen your higher-order thinking abilities (critical, logical, reflective, metacognitive and creative thinking).

## Sample week

# Academic Camp in Taunton

On the outskirts of the beautiful market town of Taunton lies Queen's College, Taunton. Famous for cricket and cider, Taunton is 90 minutes from the centre of London by train and is now Academic Summer Camps newest home.

Academic Summer Camp has joined forces with Queen's College, Taunton to offer a summer camp to remember. Queen's College Taunton has a long history of delivering high-quality camps to local students so you'll be able to practise your English and make new friends with native English speakers all while learning new skills and expanding on your talents!

## Adventurers – 10 to 12 years old

Developing your curiosity during your first camp experience.

## Explorers – 13 to 14 years old

Prepare for GCSE. Exploration and discovery in education.

## Engagers – 15 to 17 years old

Prepare for A Levels or IB. Engage in in-depth learning and plan for the future.

You can choose your morning and afternoon camps and enjoy some more academic options or enjoy more activity and sport based camps. Some of these are offered by Queen's College teachers and some from our experienced teachers. After lessons, you will join Academic Camp for Be a Leader, excursions and round-the-clock care and supervision as well as lots of exciting trips in the area.

Here's an example of some of the camps that will be running:

 Arts & crafts

 Adventure

 Applied maths

 Debating

 Design & technology

 English workshop

 Entrepreneurship

 Environmental impact /  
Stewardship

 Food & nutrition

 Film club

 Football

 Performing Arts

 Presentations, interviews &  
public speaking

 Robotics

 Science workshop

 STEM

 Writing workshop

Contact us for more information as this list is not exhaustive. We might just have exactly what you are looking for.

# CLIL (Content and Language Integrated Learning)

CLIL (Content and Language Integrated Learning) is the foundation of our teaching methodology. You immerse yourself in the camp's content while also improving your English language skills. Your communication, presentation, critical and strategic thinking, organisation, and time management abilities will all be enhanced by participating in one of our camps. A highly developed set of soft skills, such as empathy, respect, optimism, adaptability, and integrity, will be among the things you take away from the camp. Come spend the summer with us and experience your confidence grow.

# Leisure Programme – Taunton

Queen's College is located on the outskirts of Taunton, a lovely market town. Ideally situated to experience the genuine delights of the South-West of England, such as Exeter, Plymouth and North Devon Surfing beaches. The lively town of Taunton is surrounded by national parks, which lend themselves to adventure in the form of climbing, hiking, and kayaking. It is located in a location of outstanding natural beauty.

With a 570-seat theatre, 22 tennis courts, 6 cricket pitches, outdoor nets, a sports hall, an indoor pool, 4 netball courts, and even floodlit Astro turf pitches and a climbing wall, Queen's College, Taunton offers the best entertainment without requiring us to leave the school!
