## 1. Introduction

1.1 The Governing Body and Senior Leadership and Management Teams of Sidcot School recognise their responsibilities for safeguarding. #### **4. How does the School ensure appropriate levels of supervision?**

4.1 The School must ensure that sufficient staff are on duty to comply with licensing requirements with regard to qualifications of staff and staff/ child ratios.

4.2 Staff will set up their room environments with consideration to the practicalities of supervising all children and areas for example; visibility, accessibility, potential hazards.

4.3 Staff will position themselves in the indoor and outdoor environments with consideration for the activities being offered, the mix of children and staff and to allow the greatest vision of the whole area. Staff should keep the children in their line of sight as much as possible.

4.4 Staff will keep the children within their sight and/or hearing as much as possible during the day, indoors and outdoors – with the exception of toilet visits, collecting items from cloakrooms etc.

4.5 Staff will focus on active interactions with the children. The primary responsibility of staff is to ensure the safety of the children in their care. Staff will discuss best position points of supervision to avoid clustering.

4.6 When multiple areas are available to children at the same time, (indoor/ outdoor activities) all areas must be supervised.

4.7 Staff will undertake regular head counts on children in their care (especially on entering or departing areas – i.e. playground or when closing their classroom for the day). Staff will be aware of the whereabouts of every child at all times.

4.8 Staff will encourage children to let them know when they are going to use the toilet facilities in the Junior School.

4.9 Staff will communicate effectively by informing other staff if they are leaving an area for any reason to allow cover of supervision duty.

4.10 In the event that a parent collects a child from a remote area from the school, such as the main playing fields, staff will ask the parent to confirm their identity and provide the child's date of birth. The parent must make arrangements in advance so that staff are aware of this beforehand, and parents do not need to sign in at Reception first if this occurs.

## **5. Sports Centre - Supervision of changing rooms**

5.1 Children of the same gender shall change together in gender groups when in Year 4 or above, younger children may be allowed to use the same changing room if this is easiest for the supervising Teaching Assistant or Teacher.

5.2 A risk assessment will be undertaken with regard to any transgender student, and their wishes and feelings about where they should change will be taken into account as well as those of the other children.

5.3 Appropriate arrangements will be made for children with disabilities who require extra support.

5.4 Adults (over 18s) will not change in the same changing rooms at the same time as children.

5.5 A staff member will remain in the vicinity of the changing room door so children can easily alert them if they need adult help.

5.6 In the event that there is a need for a staff member to enter the changing rooms, they will alert the children that they are about to enter.

## **6. Off Site Activities**

6.1 When taking children off site for any curricular or extra-curricular excursions; staff must refer to the Educational Trips and Visits Policy 2.9. The correct procedures in terms of notification of parents, risk assessment, safeguarding of children, staffing ratios and financing must be followed.

## **7. Child Protection and Safeguarding**

7.1 If a child is noted to be missing from the School site, the Missing Children Procedures (policy 1.2a) will be followed. A child going missing from education is a potential indicator of abuse or neglect. Children who go missing may be at potential risk of abuse including child sexual exploitation, radicalisation, travel to conflict zones, female genital mutilation and forced marriage.

7.2 If there are any such concerns, the child protection procedures will be invoked in accordance with the Child Protection and Safeguarding policy. All staff should be alert to this, noting the issue on CPOMS where appropriate or liaising directly with the Deputy DSL based in the Junior School, or social care where appropriate. Under usual circumstances, there will be liaison with the Junior School Deputy DSL in the first instance.

7.3 In the event that a child is missing or uncollected, the relevant policies will be followed, and staff are expected to familiarise themselves with these.

## **8. Evaluation and Review**

8.1 This policy will be reviewed annually by the Deputy DSL based in the Junior School, and the Pastoral Group, or sooner if change to practice, legislation or incident dictate. The practical arrangements adopted under this policy will be reviewed as the number of children in the Pre-School changes. This ensures that we comply with the ratio of adults to children in this age group.

8.2 The Deputy DSL will support staff by regularly providing opportunities for staff to evaluate and provide feedback on supervisory practices through staff meetings, staff room discussions and informal chats as required.

8.3 Plans will be developed and reviewed for improving facilities and correcting problems if effective supervision is difficult due to design or change in grounds or buildings.
